Comments from 2018 delegates Come along and find out for yourself.....

- "relevant topics and knowledgeable speakers"
- "varied programme; engaging at all times"
- "always learn something at this event"
- "good to have a symposium relevant to our line of work"
- "found this event to be educational, informative and cutting edge"
- "this is the first time I have been and it exceeded expectations"
- "my first time at this symposium and I shall return!"
- "the only NHS National Symposium for Aseptics, Technical Services and Quality Assurance"

Learning and Development objectives

- Familiarise with best practice and consider how this can be applied at own base
- Identify new and innovative practices and solutions to support quality improvement locally
- Identify areas of new guidance and legislation that should be applied locally
- Network with colleagues, leaders, influencers and suppliers in the field
- With 14 hours of CPD opportunity over the two days

Who should attend?

Pharmacists,
technicians
and graduates
working in
pharmaceutical
production,
aseptic services,
quality assurance
and quality control,
both in the NHS
and in the Industry

'Tasty Topics'
